Pos Aruba mester a cambia su modelo di negoshi pa sobrevivi. Pero, aunke cu tin menos carta cu hende ta manda otro, derecho humano ta encera cu Aruba mester percursa cu cada individuo ta keda cu su derecho pa ricibi post ora e mester.

Asina Guillermo Raymond, Director di Post Aruba a bisa Bon Dia Aruba. Raymond ta Director di Post Aruba ya pa 9 aña, pero e conoce e trabou for di tur skina. El a cuminsa den servicio, trahando como partido di carta, riba su bais y awor ta encabesa e organizacion cu ta cay bou di e capa di Union di Servicio Postal, UPU, cu tin su base na Suiza.

UPU, estableci na 1874, ta e di dos organizacion internacional mas bieu na mundo y ta traha cu tur pais di Nacionnan Uni. Tur pais miembro di Nacionnan Uni por bira miembro y un pais no-miembro por uni na UPU basta cu dos tercera parti di e paisnan miembro di UPU aproba esaki. Na e momento tin 192 pais den UPU, cu ta e foro principal pa cooperacion na nivel di servicio postal. Como tal, e organizacion ta duna conseho, mediacion, y ta conecta paisnan cu otro, y ta percursa pa asistencia tecnico unda mester. Pero tambe e ta establece reglanan pa intercambio internacional

di post y ta haci recomendacion pa aumenta intercambio di carta, pakete y servicicionan financiero, alabes hisa calidad di servicio na ciudadanonan.

Esey ta nifica tambe cambio. Y servicio postal a haci e cambio pa bira un punto di entrega di pakete, ya cu e tendencia mundial ta pa haci compra online. Ora cu Raymond a tuma e direccion aki, tabatin hopi skepticismo, ademas cu organisacionnan comercial na Aruba no tabata contento, pasobra lo ta competi inhusatamente cu negoshinan na Aruba.

Pero no tabata cuestion di competi, sino di drenta un mercado cu tabat'ey caba y cu mester a duna Post Aruba e oportunidad pa maneha su ingreso, sin stroba e trabou cu percursa cu hasta e persona cu ta biba na e punta mas leu di Aruba, por haya su post.

Cambio den funcion

E desaroyo aki di maneha y entrega pakete ta nifica cambio den operacion di Post Aruba. "Volumen a crece, pero ademas e proceso con ta maneha pakinan compara cu carta ta otro. Pakete ta nifica tambe cu ta depende di otro. For di e transporte te cu e control. Ta critica nos servicio, pero mester realiza cu nos ta depende di otro. Nos ta depende riba transportacion cu mester cumpli cu tur

Post Aruba: di un servicio di comunicacion pa un actor den comercio

Partidonan di carta ta keda cu un rol vital pa sociedad di Aruba, segun Director di Post

rekisito di siguridad. Asina tur informacion mester ta cla, tur paki tin su bar code, su tracking, plus informacion pa Duana, hunto cu e volumen. Y e volumen ta hopi." Raymond a sigui bisa. "Nos ta riba un punto corecto si unda nos ta ehecutando e Operation Readiness E-commerce, cu pa e aña aki mester keda cristalisa, segun UPU. UPU ta sigui e desaroyo di region y cada cambio ta bay na nivel digital. Carta lo desaparece, pero volumen di paki lo subi."

Di comunicacion pa sosten economico

Y ta danki na e volumen di paki cu Post Aruba a haya un oportunidad haya bida nobo. "Ami mes no ta hende cu ta cumpra 'online' pero mi famia si. E ta un escogencia." Berdad na comienso comercio a protesta e servicio di entrega di paki pa medio online. Tabata Raymond mes a mira e potencial y percursa cu tin tur e infraestructura pa e-post, cu a pesar di su foutnan na inicio, awor ta cana bon. Mescos cu Post Aruba, United States Post Services, USPS mester a adapta su strategia pa sobrevivi y entrega di paki ta local ta e base principal. "Na Merca a hasta cambia e leynan, unda ta hasta entrega paki riba Diadomingo, pa percursa cu hendenan ta na cas."

Post no ta un servicio mas di djis parti carta, pero tin un papel di yuda actividad economico. Aunke cu a cuminsa cu e servicio di entrega di paki pa compra online, tambe kier amplia su actividadnan pa yuda negoshinan local. E negoshi chikito y mediano cu kier yega mas cerca di su cliente. "Nos ta trahando riba un plataforma unda negoshinan Arubiano mes por pone nan producto riba nos website pa asina brinda publico e oportunidad pa compra y pa Post Aruba entrega e producto. Locual falta ainda ta medio di paga, pero ta trahando pa mira con pa yega na un proceso unda negoshi local tambe por manda su mercancia pa clientenan, haciendo uso di servicio postal. E ta nifica si cu, banda di comunicacion, Post Aruba awor ta bira un actor activo den economia di Aruba, cu ta nifica cu mester

di yega na areglonan cu Ministerio di Economia tambe," Raymond a enfatisa.

Pero pa agilisa e proceso mester di mas cooperacion cu entre otro Duana. Awor aki tin un solo persona di Duana cu mester controla cada paki cu drenta Aruba via Post Aruba. E ta nifica un trabou grandi pa un solo persona controla e codigonan, pasa esaki pa e un duanero cu durante henter dia, mester habri pakinan cu holoshi, sapato y cualkier otro producto cu ciudadanonan ta bestel. Den otro palabla, si e intencion ta serio pa Post Aruba por bira mas independiente posibel, mester tin un miho colaboracion entre tur e actornan envolvi.

Entrega di carta lo keda

Aruba tin un nivel di bida relativamente halto, y kizas hopi hende no ta depende di carta skirbi mas. Pero, paisnan manera Zimbabwe mester keda cu e garantia di un servicio di post tradicional y mirando cu Aruba ta asocia na UPU, tin e obligacion pa yuda tur pais miembro y nan ciudadanonan den e forma di comunicacion aki. "E ta un obligacion di un pais pa cumpli cu e tratadonan, y servicio postal ta cay bou un tratado. E ta nifica tambe cu hasta ta un solo carta mester sali pa un persona cu ta biba patras di Natural Bridge, e partido mester bay eynan. No ta cuestion di keda sin entrega."

Locual pa Guillermo Raymond ta importante ta pa Aruba compronde e trabou pisa di su coleganan, cu ta e partidonan di carta. Cada uno tin un area pa entrega carta of paki, cu ta varia di 800 pa 1000 cas. E ta nifica cu e partido di carta ta un averahe di tres a cuater ora den solo ta bay di adres pa adres. "E no ta manera antes mas. Antes berdad tabatin cacho di caya, pero awor tin cas cu cacho cu

ta 'trained-killers,' kiermen cu constantemente mester ta pendiente di siguridad." Raymond ta conta di casonan con pitbulls ta bira agresivo riba e partido di carta, unda te hasta mester a avisa doñonan cu no por permiti e cachonan aki keda un peligro. "Hopi hende ta djis wak e partido un rato, pero no ta realiza cu of e tin oranan tras di lomba ta core den solo, of e tin oranan su dilanti pa traha den solo pa sigui parti su cartanan." Y e trabou di parti ta cuminsa despues cu partidonan di carta ta cuminsa nan dia trempa ta colecta tur locual nan mester parti, y durante henter e ruta ta keda cu e cartanan aki den mente. "E no ta un trabou sin su peligro y mayoria hende no ta realiza esaki," Guillermo Raymond a splica.

Bista riba su bario

Un partido di carta haya 10 mil carta of 1000 carta pa parti, e mester core su bario. Un partido di carta ta e unico trahado rond Aruba cu ningun hende ta realmente wak e, pero e si tin un bista kico ta pasa den e bario y area cu e mester haci su trabou. "Ta tuma nan 'for granted,' particularmente pasobra e balor di un carta skirbi no t'ey mas. Antes e trahado di post tabata parti di e bario, particularmente pasobra e tabata trece alegria ora un wela of welo ta haya carta di su nietonan cu a bay studia afo. E partido di carta tabata biba tur momento cu su bario." Pero presencia di un trahado di post tur dia den un bario ta keda importante, pasobra no tin un hende cu por tira miho bista riba desaroyonan cu un trahado cu tur dia di siman tin bista di un area cu e mester conoce bon. "Nos ta tur dia di siman den un bario." Y un persona asina por nota movimiento straño, autonnan straño cu por ta indicacion di hasta un crimen, ta e comentario di Director di Post Aruba.

Casonan di criminalidad hubenil ta sigui tuma luga na Aruba

Den transcurso di e aña aki, Aruba a conoce un cantidad di sucesonan cu tin di haci cu actonan di criminalidad, specialmente cu asesinato, na unda loke ta prevalece ta hobennan cu a keda involucra den tur suceso cu a tuma luga.

Prome cu 2020 a finalisa, ya caba dia 30 di december un hoben di 15 aña a keda deteni pa e sospecha di kita e bida di un persona cu tabata pareha di un familiar door di un hinca cu el a duna na un persona di 53 aña na su pecho.

Na comienso di aña, especificamente dia 3 di januari comunidad di Aruba a confronta cu e noticia di un mucha di 16 aña cu tambe a keda deteni pa e sospecha di asesinato di su mesun welo, un suceso cu a causa impacto pa e agresividad di e delito aki, loke a laga e comunidad den shock. Den ambos caso aki cu ta trata di muchanan menor di edad, por lo general nan no ta wordo husga como adulto, e maximo castigo pa un menor di edad den un caso di kita bida di un otro persona ta cuatro aña, cu e mester keda cera den seccion hubenil di prizon of den un instituto, pero esey ta depende di su condicion mental.

Ultimo biaha cu Aruba a conoce un caso similar di e tipo aki tabata na aña 2017 na unda un mucha muhe di 15 aña a pone veneno y tir'e den orange juice cu e intencion di mata su wela di criansa, pa e delito aki el a haya 12 luna di Jeugddetentie.

E di tres asesinato a tuma luga dia 15 di januari na unda un persona di 21 aña a wordo tira na un cas na Pos Chikito, di esaki Polis a informa cu ora e patruya a yega nan a haya un persona sinta den auto cu un tiro den su cabes, dnanan despues diferente medionan di comunicacion a informa tocante e tension cu a keda den e bario di Pos Chikito despues di e asesinato aki, cu segun tabatin indicacion cu tin relacion cu problemanan di gangnan.

Dia 23 di februari Cuerpo di Polis di Aruba a anuncia cu a registra un caso di hincamento na Booby Hillweg, segun nan a informa comunidad cu na yegada di patruya ta bin compronde cu aparentemente mama lo a stroba su

yi muhe menor di edad di pone fin na su bida, un discusion a cuminsa entre e mama y su yiu pa stop di hinca su mes cu un cuchiu, nan tambe a declara cu e mama a haya un hinca den su brasa y despues e yiu muhe a hinca su mes den pecho, den hecho aki tur dos persona a resulta seriamente herida. Oranan despues por a compronde cu nan a keda stabiel.

Dia 12 di april a registra e dia 4 asesinato na unda Polis a haya e notificacion di un persona cu a wordo tira den cabes na un cas na Brasil, den e caso aki ora e patruya a yega nan a haya un persona di inicial R.H di 20 aña di edad tira abou den veranda cu un tiro den cabes, cu despues a fayece na hospital a consecuencia di e herida di bala. E di 5 asesinato tabata dia 4

di juni cu e caso di un mucha muhe na Flamboyantstraat cu segun Polis nan a hay'e tira abou den sala cu un tiro den su cabes, tabata trata di un hoben di 20 aña di edad di inicial S.R.C Petronia, Recheche di San Nicolas a detene dos persona hende homber di 17 aña cada un cu supuestamente tin relacion conexon cu e caso aki.

Asina mes, Polis a expresa cu nan no ta sospecha cu lo tin mas detencion den e caso menciona aki na unda e dos hoben deteni ta sospecha di tin di haber cu e caso di un auto cu a los tiro riba diferente personanan di e cual 4 keda herida.

Den un comunicado cu Cuerpo di Polis di Aruba a manda ayera diadomingo, a keda conoci cu Recherche di San

Nicolas a detene un persona mas pa e asesinato di dia 15 di januari.

Nan a informa cu Recherche di San Nicolas (DAR3) a detene un hende homber di inicial B.D.W naci na Aruba di 23 aña di edad, su detencion a tuma luga na su cas mes den caya Sint Lucia, asina mes nan a indica cu esaki ta di cuater detencion den e caso aki, investigacion preliminar ta muestra cu ta un problema entre gangnan, segun loke nan a sigura anteriormente.

Ayera atardi tambe a keda conoci un caso di secuestro na Tanki Leendert na unda Polis tabata negocia cu un homber cu a secuestra un muhe den cas, tocante esaki, primeramente Polis a informa cu e homber tabata cera den camber cu e muhe na

unda nan tabata sospecha cu e tabatin un arma blanco den su poder.

Ekipo special a yega na e cas pa por negocia cu e persona pa asina e por sali for di cas sin cu esey lo por a tin consecucionan lamentabel, loke a bin dilanti tambe ta cu e persona aki no tabatin status legal ni su documentonan na ordo, cu tin nacionalidad dominicano y esey tambe a forma parti di e negociacion.

Varios ora despues e team di aresto a kibra e porta di e cas y nan a drenta pa saca e muhe cu tabata como rehen door cu nan no a logra negocia cu e persona, na final el a keda deteni y e persona cu tabata secuestra a keda na salvo.

Siman pasa, por a compronde for di un otro medio di comunicacion cu parlamentario Alan Howell a manda un carta na presidente di parlamento Ady Thijsen pa solicita di manera urgente un reunion publico na parlamento cu minister demisionario di Husticia Andin Bikker pa loke ta trata e situacion alarmante di tiramento, incluyendo morto den area pariba di brug.

E peticion ta pa esey lo tuma luga si ta posibel e siman aki, "e prome seis luna di 2021 por a constata un cantidad alarmante di tiramento den area pariba di brug, unda diferente persona a perde nan bida" e documento ta indica.

Ta p'esey cu ta pidi presencia di minister demisionario di Husticia, Siguridad y Integracion pa duna un splicacion na parlamento y comunidad henter di e sucesonan cu a bin tuma luga na Aruba di loke ta trata criminalidad, pa tambe duna un splicacion di e situacion na e momentonan aki y pasonan corectivo of preventivo cu a of lo mester wordo tuma pa evita cu crimenan asina lo bolbe tuma luga.

Ta importante pa destaca cu criminalidad no ta sosodiendo na un parti di Aruba so, na henter isla den ultimo 6 luna manera a menciona 5 asesinato a tuma luga y e parti lamentabel ta cu den tur di nan tin hobennan di menos di 25 aña involvi y cu tambe nan a perde nan bida, ta bon pa candidatonan cu ta haci campaña pa Husticia y Siguridad tene esaki presente na unda Aruba lo por ta sigur contra criminalidad.

Maneho burocratico...

Di nivel halto...?

Aruba no ta crece mas; esey nos tur sa... Bon, casi tur, en todo caso. A pesar di bunita ley pa regla uso y desaroyo di teritorio (limita) ta parce cu net cerca esnan cu pa añanan largo tabata na vanguardia di percura pa regulacion efectivo y sensato di nos superficie limita, awor ta carece di e sano huicio pa na manera corecto y eficaz haci uso di e facultadnan cu e ley (ROP) ta brinda. E caso na cual nos ta referi ta esun unda a otorga dos tereno na Sero Alejandro, ambos pa ser usa pa establece un chickenfarm.

Laga nos cumenza cu bisa cu di ningun manera nos ta contra establecimiento di actividad economico, siempre y cuando esaki ta sucede dentro di lo razonable, tumando na cuenta interes di otro ciudadano cu posiblemente por keda perjudica cu tal actividad. No ta necesario 'corda nos' cu Aruba mester di actividad economico na e momento aki, esey ta di conocimiento general.

Sin embargo, den e caso particular aki tin mas aspecto cu cual mester tene cuenta, cu simplemente y burocraticamente yega na e conclusion cu en principio e actividad referi ta posible y permiti den e zona particular ey. E zona no ta parti di e area protegi di Parke Nacional y ta cay segun nos informacion den loke ta caracteriza como 'landelijk gebied'. Si nos Hulandes y conocimiento di terminologia planologico Hulandes no ta laga nos na caya, esaki ta un area unda ta permiti cierto forma di vivienda y cierto actividad economico so, cu no ta na perjuicio di mantenimiento di e caracter 'landelijk' aki. Esey ta haci cu no ta permiti actividad economico di gran escala, cu ta constitui un menaza pa e paisahe manera e mester keda, incluyendo naturalmente salvaguardia mas tanto posible e vegetacion cu ta forma parti di loke ta duna e area ey su caracter distinto y cu ta valioso pa keda conserva.

Aki so caba ta bira dificil pa comprende cu di nochi pa mainta ta pasa pa roza un tereno grandi completo, sin nunca a surgi e pregunta kico lo por a conserva di e vegetacion na e lugar. Mester ta asina cu nos no por y no mester spera nada mas di un departamento dirigi pa academico, cu nan ta tira un vista riba e reglanan anto yega na conclusion cu no tin nada pa stroba otorgamento di e tereno? Anto nos por a mantene e nivel di gerencia den e departamento na nivel MAVO y talvez hasta topa cu mas sano huicio?

Ta asina dificil pa yega na e conclusion, hustamente pasobra Aruba ta chikito, cu cierto ac-

tividad economico ta trece sin duda algun un molester grandi pa e bisiñanan, principalmente esnan mas pabao di unda e negoshi ta bay opera? Un chickenfarm, pa esey tampoco mester di grado academico, ta pertenece na e actividadnan cu ta causa molester. Sigur si ta na un nivel industrial, ta casi imposible pa preveni molester pa e otro parcelanan mas cercano, sea cu ta trata di vivienda of otro actividad economico. No ta pornada tin varios peticion tambe pa e tipo di negoshi aki pa e area di Butucu, cu en todo caso ta keda mas aleha di e areanan cu vivienda y cu ta brinda mihor posibilidad pa preveni e problema aki. E ta un di e poco oportunidadnan cu tin ainda riba nos Aruba sobrepobla pa 'fit in' e tipo di actividad aki. Sin embargo, nos ta comprende di algun peticionario pa e area di Butucu cu net nan no por keda cla cu nan peticion pa tereno, pa e mesun tipo di actividad aki. Un poco straño cu ta adelanta net e casonan unda cualkier persona cu un poco sentido comun por deduci cu ta bay tin reaccion di otronan den comunidad cu tin interes contrario. Henter e ley di ROP ta traha pa regla y maneha e tipo di interes contrario aki.

Banda di tur esaki nos a keda perpleho di topa cu tanto incompreension y falta di voluntad di duna servicio. Ta increible cu un reportero di e corant aki ta haya tende di director di DIP cu no ta duna 'inzage' di e aanlegvergunning cu supuestamente e compania mester a haya promer cu a cumenza roza. Ley ta bisa – articulo 24 di ROP – cu e aanlegvergunning mester ta na oficina di e Directie pa revision di un y tur ("voor eenieder ter inzage"). Ademas mester anuncia e oportunidad pa revisa e aanlegvergunning, segun indica den articulo 6 inciso 2 di e mesun ley. Esaki ta encera cu mester anuncia esaki den tur corant, tanto na Hulandes como Papiamentu. Nos no a mira nada...

E problema aki no ta cu tin critica riba un departamento cu no ta haci su trabao corectamente so. Si ta esey ta e keho anto nos por cumenza un edicion special diario pa atende loke e publico ta haya di gobernacion. E tristo ta cu nos ta papianando aki di e departamento unda pa añanan largo tabata sucede cantidad di cos cu no ta soporta luz di dia, cu tin dos ex-ministro den problema hudicial grave y cu urgentemente mester mehora. Mas ainda bao di un gobierno cu ta usa e palabra 'transparencia' como consigna clave. Sikiera den tempo di campaña nos por a mira algo di esaki.

Linea di Crucero ta bisa cu no tin cambio di plan despues di casonan nobo di Covid-19

Royal Caribbean Group y Carnival Group lo continua cu nan cruceronan e berano aki, a pesar di dos caso di Covid-19 detecta abordo di Celebrity Millennium, segun un relato di noticiero online, Curaçao Chronicle.

Segun Curaçao Chronicle, despues cu varios crucero

tabata anfitrión di brotenan mayor di Covid-19, y cu cantidad grandi di Mericanonan awo vacuna, lineanan crucero ta luchando pa reanuda nan negoshi. Accionnan di Royal Caribbean, Carnival Corp y Norwegian Cruise Line Holdings Ltd, cu tur a registra perdidanan mayor aña pasa mientras restriccionnan a hiba e industria na un paro,

a cay entre 1% y 2% despues di e testnan positivo.

Royal Caribbean a nenga di duna mas detaye riba e pasaheronan cu a test positivo of e circunstancianan di nan contagio, ora cu Reuters a puntra diabierna.

Celebrity Cruises despues a bisa cu tabata pagando pa

ambos pasahero bula back cas di forma priva diasabra, y tin plan pa desembarca e resto di e pasaheronan na tempo despues di haci test.

Un fuente cercano na Carnival, cu a nenga di wordo nombra, a bisa cu e compania tambe ta bayendo dilanti cu e cruceronan planea pa berano.

E operador, un di e prome na Nort America pa reanuda operacion a base di test, a bisa diahuebs ultimo cu e individuo tabata asintomatico, den isolacion y siendo monitoreo pa dokter. Celebrity tambe tabata haciendo contact tracing y agilizando test pa tur contacto cercano.

Blogger di industria di crucero, Ashley Kosciolk a skirbi riba su blog cu diahuebs a bis'e cu e pasaheronan infecta tabata riba su excursion na Barbados dos dia prome. A pidie pa keda den su camber pa alrededor di cuatro ora te cu su test a sali negativo. Su post a muestra cu e crucero

tambe a stop na Aruba y Corsou.

CDC Mericano a bisa cu no ta posibel pa crucero ta un actividad di cero riesgo ya cu semper lo presenta un riesgo di transmision, agregando cu ta comprometi pa sigura cu operacionnan di crucero ta conduci di forma safe.

Lineanan crucero ta den negociacion cu Florida, for di unda algun barco lo sali, despues cu gobernador di e estado a pusha contra pone hende muestra prueba di vacunacion. Biahenan ta programa pa cuminsa juni of juli, nabegando Caribe, Riviera Mexicano, y Alaska.

Experto di crucero, Stewart Chiron, kende ta abordo di Celebrity Millennium, a bisa Reuters cu bida abordo riba diahuebs anochi a bay segun plan, cu cena, show y entretenimento anochi. El a bisa cu niun hende abordo tabata bisti tapaboca, segun e relato di Curaçao Chronicle ta conclui.

Hotelnan grandi ta mirando nan grado di ocupacion subi cada bes y AHATA tambe ta comparti e optimismo cu e cifranan di ATA ta revela. E turista cu ta bishita nos Isla den su mayoria ta bin for di Merca y na e momentonan aki Merca su economia a cuminsa lora bek cu e efecto cu mas hende ta cuminsa biaha.

Armand Hessels : HALELUJA!

Den varios ocashon tanto gobierno como e operador nobo desea (Quanten) di e tereno industrial inmenso na San Nicolas a duna di conoce cu na mitar di luna di mei lo anuncia si a logra realiza financiamiento di e 'remplazo ultramoderno y superlimpi' di e bulto di frustu actual. Siguientemente a hala mitar di mei atras pa fin di mei. Despues a sigui un silencio ensordecedor...

Era di piedra

En realidad e escogencia di RdA/Gobierno pa e proyecto di Quanten ta increíble. Cu e polushon enorme riba tera, na laman y den aire pa e refineria anticua di Esso y e problemanan di salud inevitable cu (t)a resulta di esey, un riptishon, anke sea riba un escala menor, ta un imagen espantoso. Especialmente den un mundo cu hustamente pa motibo di e uzo intensivo di crudo como fuente di energia a susha increíblemente, asta cu consecuencia climatologico serio. E echo cu e isla turistico Aruba kier aporta concientemente n'esaki 'pa mehora su resiliencia economico' mientras cu tin otro opshon -prometedor y 'limpi' ta masha dudoso. Pa sigui mantene cueste loke cueste un industria cu ya caba a drenta su fase di retiro, ta prueba di un falta di realismo di gran parti di politica na Aruba. Mes-cos cu e era di piedra no a termina pa motibo di un falta di piedra, mester despedi di manera resuelto di un actividad industrial cu por cierto a trece hopi prosperidad, pero alabes a afecta seriamente medio ambiente y e bienestar di biyones di hende ademas di varios generashon den futuro.

Caso terminante

Y pa refineria mes e perspectivanan comercial no ta mucho di gaba. No ta por nada cu basta empresa di crudo a para nan actividadnan mientras cu e uzo di energia for di crudo lo sigui baha den e añanan benidero. Mayoria di e productornan grandi di auto ya caba a anuncia cu pa mas tarda na 2030 nan lo produci exclusivamente auto electrico, mientras cu barco lo transforma pa uzo di gas. Alabes e transformashon pa energia alternativa ta sigui acelera, entre otro cu iniciativa nobo riba tereno di energia nuclear. Bou di e circunstancianan aki no ta logico cu lo inverti US\$ 3,5 biyon den un proyecto ultramoderno pa un fuente di energia anticua riba un isla chikito cu ta rondona pa isla/pais cu nan propio refineria, locual ta reduci e posibilidadnan di un propio mercado na practicamente cero.

Alternativa

Ta bon mes cu Quanten no ta e unico empresa interesa pa e compleho industrial enorme. Asina ta conoci -dentro di un grupito chikito- cu tin un combinashon di empresa di alta calidad y financieramente potente cu pa medio di inovashon tecnologico avansa no solamente por libera San Nicolas di e bulto frustia, pero tambe lo aporta na crea empleo, un aumento considerable di nos producto nashonal, alabes por sania e dump di Parkietenbos y entrega e energia cu e ta produci na WEB. Cu tur e bentahanan aki ta parce cu RdA/Gobierno a enfoca exclusivamente riba e invershon di mas haltu, cu posiblemente por duna e bentaha mas grandi na esnan hopi involvi den forma di finder's fees. Por ta cu nan no a realiza nan mes tampoco cu tradicionalmente hopi corrupshon ta tuma luga den e sector di crudo. Di otro banda, posiblemente esey ta

e motibo cu di parti di gobierno tawatin iniciativa anteriormente pa entrega e refineria na personahe dudoso.

Un biaha mas...

No ta por nada cu SDBA a boga dos biaha caba pa involvi exponente di San Nicolas (cu al fin y al cabo ta experiencia tur consecuencia di cualke escogencia), gremio comercial y sindical den e escogencia final. Solamente asina por haya e sosten amplio necesariomientras cu, como excepsion, henter Aruba lo probecha di esaki! Ta di spera cu den e caso aki tambe lo por canta gloria na di tres biaha.

Wardacosta a scapa tres mucha cu problema riba lama

Diasabra ultimo den oranan di 3 or di atardi e punto di Sosten di Wardacosta na Aruba a ricibi un yamada cu a mira 3 mucha riba lama cu tin problema cu nan boto. Nan tabata na altura di Zeerover anto ta tin dificultad pa rema bin paden. Mes ora un Metal Shark di Wardacosta a sali pa duna asistencia na e hobennan. A saca nan for di lama y trece nan sano y salvo bek tera.

Dos auto a keda basta kibra na crusada Engelandstraat

Diabierna ultimo den oranan di atardi na e crusada di Engelandstraat y Frankrijkstraat ta sosode un accidente entre un lexus cu no a duna preferencia y a dal den un subaru forester biniendo for di nort. E impacto tabata fuerte y e subaru a dal den un borch di trafico. Ambos auto a keda basta kibra. Ambulance a presenta unda paramedico a papia cu ambos persona wak si tur cos ta bon y no tabata necesario pa un control medico. Polis di trafico tambe tabata presente pa tumar dato di e sosiedido.

Moscu ta impone restriccionnan nobo ante brote di coronavirus

(AP) - Alcalde di Moscu a ordena un siman liber pa algun establecimiento y a impone restriccion riba hopi negoshi pa por combati e plamamento di coronavirus cu den e siman pasa a dobla den cantidad.

E ekipo nacional encarga cu coronavirus a reporta 6,701 caso confirma nobo di coronavirus na Moscu, compara cu e cifra di 2,936 reporta ultimo riba dia 6 di juni. Nacionalmente, e totalidad diario a aumenta cu casi mita durante e siman pasa subiendone e cantidad te 13,519.

Despues di algun siman den lockdown mientras cu e pandemia tabata plamando, e capital di Rusia a kita hopi di e restriccion nan y prohibicion nan y no a bolbe pone

ningun durante e aumento di casonan, pero pa motibo cu diripiente e casonan a aumenta radicalmente el a bira "imposibel pa no reacciona den un caso asina" Alcalde di Moscu Sergei Sobyenin a bisa.

El a ordena companianan cu no ta habri durante weekend pa permanece cera durante e siman pero cu pago pa e empleadonan. Cafeteria y area di hunga pa muchanan den centro nan pa shop tambe ta di permanece cera entrante diadomingo, mientras cu restaurant y bar lo mester limita nan servicio pa solamente take-away di 11pm te cu 6am.

Den comienso di e siman autoridadnan di e ciudad a publica cu lo reenforza uso y rekisitonan di mask y hand-

schoen den transporte publico, tiendanan y otro luga nan publico, agregando cu cualkier persona cu no cumpli cu e reglanan aki lo ricibi un boet di 5,000 ruble cual ta un ekivalente di 70 dollar.

Aunke Rusia ta tabata e prome pais cu a lansa uso di vacuna contra coronavirus, e uso ta sumamente abao pa motibo cu hopi Ruso ta duda y desconfia den e vacuna.

President Vladimir Putin a bisa riba diasabra cu 18 milyon di Ruso a ricibi e vacuna, cual ta solamente 12% di e

populacion.

Durante henter e periodo di e pandemia e ekipo dedica na esaki a reporta casi 5.2 milyon di infeccion den e pais cu tin 146 milyon hende, cu 126,000 di esaki resultando den fayecimento. Sinembargo, un reportahe di un agencia di estadisticanan nacional Ruso yama Rosstat a constata cu tin mas di 144,000 morto relaciona cu virus den aña pasa so. Contrario di e ekipo dedica na e pandemia, e agencia ta conduci nan reportahe a base di cualkier morto unda cu ta confirma of sospecha e

presencia di coronavirus pero no cu esaki ta especificamente e causa di morto.

E reportahe a revela cu mas o menos 340,000 mas hende a fayece den 2020 compara cu 2019. Sinembargo no ta duna detaye tocante e causa exacto dicon e fayecimento nan a aumenta di tal manera.

E cantidad aki di fayecimento combina cu e cantidad di nacemento cual tambe a baha ta haci cu e populacion a bay atras cu 702,000, cual ta dobel di e cantidad den aña 2019, Rosstat ta declara.

Libanon ta reporta record nobo di vacunacion diario

E ministerio di Salud a reporta cu casi 23,000 hende a ser vacuna riba diadomingo so den diferente parti di e pais, marcando e di 3 weekend unda cu nan ta haci un "vaccination marathon" pa asina por aumenta e proteccion pa cu COVID-19.

E ministerio a invita y urgi tur residente di edad 53 bay ariba, pero tambe tur e personanan cu necesidad nan special di edad 16 bay ariba pa ricibi nan vacuna di Pfizer-BioNTech. Por lo menos e prome dosis.

Libanon a cuminsa un campana di vacunacion den februari, y te cu aworaki mas o menos 317,000 a ricibi tur dos dosis di e vacuna, mientras cu casi 648,000 a ricibi nan prome dosis di e vacuna traha pa Pfizer-BioNTech.

Apple ta reafirma posicion pa cu privacidad memey di revelacionnan di investigacion di Trump

(AP) — Buscando pa protege su imagen como un guardian di privacidad personal, Apple ta insisti cu tabata sorprendi y manmara pa un investigacion di administracion di Trump cu a resulta den e compania entregando data di celular di dos congresista Democrata.

Apple a duna su version di e eventonan diabierna como contesta na reportenan den medionan di comunicacion detayando e intencion agresivo di Departamento di Husticia Mericano pa usa su poder legal pa identifica leak vincula na un investigacion riba lasonan di ex-presidente Donald Trump cu Rusia.

Departamento di Husticia ta-

bata capaz pa persuadi un hurado federal pa duna un orden hudicial cu a culmina cu Apple entregando e metadata — informacion cu por inclui registro general di yamada y mensahe di texto — tocante miembronan di Comite di Inteligencia di Congreso, Adam Schiff y Eric Swalwell, ambos democrata di California, durante 2018. Ambos legislador tabata figuraran clave den e comite investigando conexionnan di Trump cu Rusia; Schiff awo ta presidente di e panel.

Ni Schiff ni Swalwell tabata na altura cu algun di e informacion a wordo confisca te cu dia 5 di mei, despues cu un serie di orden di silencio finalmente a caduca, segun e compania.

E revelacion cu Apple a cumpli cu e orden hudicial a bira conoci na un momento den cual e compania ta aumentando su esfuersonan pa pone privacidad den marco di un 'derecho humano fundamental' den su campananan di marketing. Apple tambe a actualisa e combersacion riba privacidad na april, tempo cu a lansa controlnan di privacidad riba e iPhone como parti di un esfuerso pa facie mas dificil pa companianan manera Facebook track actividadnan online di hende pa yuda bende aviso.

Den un declaracion, Apple a enfatisa cu lo continua luchando contra demandanan legal sin hustificacion pa informacion personal, y lo tene clientenan informa riba esaki.

Pero den e caso aki, Apple a bisa cu tabata mara pa un orden di silencio firma pa un hues magistrado federal, y a bisa cu no tabatin informacion tocante e naturalesa di e investigacion. "E lo tabata virtualmente imposibel pa Apple compronde e intencion di e informacion desea sin investiga e cuentanan di e usuarionan", e compania di Cupertino, California a bisa. "Consistente cu e solicitud, Apple a limita e informacion cu a provee na informacion di suscrito di cuenta, y no a provee contenido manera email of potret."

Apple tambe ta kere cu otro compania tecnologico por haya nan mes confronta cu

demandanan legal similar, basa riba e naturalesa amplio di e solicitud cu a ricibi pa 'informacion di cliente of suscrito di cuenta' riba 73 number di celular y 36 adres di e-mail.

No ta cla cuanto otro compania por a haya nan mes involucra den e esfuersonan di administracion di Trump pa track down esnan cu a filtra informacion.

Den un declaracion, Microsoft a reconoce cu a ricibi al menos un orden hudicial na 2017 relaciona cu un cuenta di e-mail personal. A bisa cu a notifica e cliente despues cu e orden di silencio a caduca y a haya sa cu e persona tabata un miembro di personal congresional. "Nos lo continua agresivamente buscando reforma cu ta impone limitenan rasonabel riba secrecia di gobierno den casonan asina", e compania a bisa.

Expertonan di privacidad tabata mas preocupa pa e leyman Mericano cu a permiti Departamento di Husticia secretamente obtene orden hudicial y tene esakinan scondi pa varios aña cu pa e cumplimento limita di Apple cu e demandanan. E ordennan hudicial ta representa un 'ehempel di abuso di gobierno' cu a involucra Apple,

Segun Alan Butler, director checutivo di e Centro di Informacion di Privacidad Electronico. "Ta hopi dificil pa reta e tipo di ordennan hudicial aki, pero no ta mposibel", Butler a bisa. "Y si a yega di tin un cu ta bal la pena reta, por tabata esakinan."

Apple tin un historia di bringa contra solicitudnan legal, mas notablemente na 2016, tempo cu Departamento di Husticia a busca pa forsa Apple habri e iPhone propiedad di un di e asesinonan den un tiramento masal na San Bernardino, California. Apple a nenga di coopera, bisando cu lo habri un porta patras digital cu lo representa un menasa pa seguridad y privacidad di tur usuario di iPhone. E pelea legal a termina na momento cu FBI a contrata otro compania pa habri e iPhone vincula na e tiramento. "Apple realmente a cumpli cu su palabra e biaha ey", Butler a bisa.

Thomas Markle ta critica Oprah Winfrey

(AP) - Thomas Markle ta bisa cu su persona y Prins Charles tin algo en comun, nan dos a ser bandona pa Meghan y Harry. Sinembargo, di tur e critica nan cu el a duna, esunnan mas fuerte tabata reserva pa Oprah Winfrey.

Thomas Markle a aparece riba un programa di televisoin titula "60 Minutes" na australia, unda cu el a declara cu Oprah a probecha di e estado vulnerabel cu Harry a haya su mes aden pa su mesun beneficio.

"Mi tin hopi cos pa bisa. Na

prome luga mi ta haya cu Oprah Winfrey ta usando y beneficiando di Harry y Meghan" Thomas ta declara, agregando "Mi ta kere e ta usando nan pa asina por expande y yama mas atencion na su canal di television y tur e programa nan nobo cu e ta lansando riba television.

Oprah Winfrey ya tin su propio canal di television nombra "OWN", y recientemente a lansa su marca riba e canal Discovery. Sinembargo, e ta un hecho veridico cu e entregivsta cu Oprah a haci cu Harry y Meghan tabata uno cu a genera un atencion in-

menso cu poco entrevista sa logra di genera.

Thomas Markle ta declara cu Oprah a probecha di e situacion cu Harry a encontra su mes aden y a instiga pa Harry papia tocante temanan y cosnan cu no ta apropiada pa bisa riba television. "Claramente cu Oprah no lo ta de acuerdo cu mi persona, y probablemente lo pone un demanda contra mi pero mi no ta preocupa cu esey pa motibo cu na final di dia, te ainda e ta trahando cu Harry." Thomas ta bisa.

Tambe Markle ta comenta cu el a haya si e nacemento di su nieta Lilibet danki na e publicacion cu Harry y Meghan a haci publicamente, insinuando cu nan no a tuma contacto e familiarnan y informa nan di e nacemento di e baby y a sinti su mes desapunta.

Mirando cu Thomas Markle ya tin tempo ta dunando comentario nan cu mal intencion y atacando e pareha, no ta un sorpresa cu Harry y Meghan a opta di no informa su persona tocante e nacemento.

Tocante e futuro di Harry y Meghan, Thomas a comenta

cu e ta mira nan "cortando tur comunicacion cu nan famia. Aworaki nan ta bibando den un mansion sumamente grandi cu facilmente por acomoda mas di 20 persona, mas sinembargo ta nan 4 so. Mi no ta kere nan lo tin familiar nan biniendo nan cas pa comparti y haci un BBQ otro siman, ni otro luna."

Austin McBroom ta domina Bryce Hall den evento Youtubers vs TikTokers

(TMZ) - Austin McBroom a domina e pista riba di asabra anochi durante e pelea cu Bryce Hall, sinembargo no a keda clasi e perdedo lo mester paga un miyon dollar.

E evento cu nombra "Youtubers vs TikTokers" tabata un evento unda cu celebridadnan di rednan social lo bringa contra otro den un competencia di boxing, den e caso aki celebridad nan di Youtube contra celebridadnan di e aplicacion cu recientemente ta generando hopi atencion, TikTok. E evento aki ta un prueba mas cu e evento nan di boxing relaciona cu rednan social ta birando un di e eventonan mas popular den e deporte di combate, mirando cu e evento aki ta bin despues di e pelea recien di Logan Paul contra Floyd Mayweather, y tambe a genera miyones di den ganancia.

Austin, ken tabata representa Youtubers a domina e pelea for di comienso pushando Bryce Hall, ken tabata representando TikTokers, di un banda di ring pa otro. Bryce a muestra completamente der-

ota den e di 3 ronda, unda cu e referee a para e pelea y a cuminsa un conteo te cu 8 pa asina confirma cu Bryce Hall por continua e pelea, cual Bryce Hall a haci pa 10 seconde mas prome un combinacion di golpi feros di parti di Austin contra Bryce, dunando e referee motibo suficiente pa para e pelea y declara un ganado.

E pelea no a caba cu un knockout, y ta aki unda e problema ta situa. E trato tabata cu e perdedo lo paga esun cu gana 1 miyon dollar si e perde pa motibo di knockout cual tecnicamente Austin no a logra haci cu Bryce Hall, lagando e trato aki den aire.

Bryce Hall a comenta cu el a gana 5 miyon dollar pa e pelea. No a revela cuanto Austin a gana pero ta asumi cu e ta rond di e cifra aki.

Mientras cu hopi a pensa esaki lo ta otro evento di rednan social cu boxing menos impresionante, e evento tabata uno cu a entretene hopi persona, cu hopi accion brinda pa diferente competidonan representando e Youtubers y Tiktokers.

Un Milieu Effecten Rapportage [M.E.R.], ta un reportahe di e efectonan medio ambiental di un proyecto di infraestructura. Na e momentonan aki un di e rekisitonan pa proyectonan nobo ta pa entrega un M.E.R. rapport pa por evalua e efectonan medio ambiental di e proyecto riba e area unda kier construi of desaroya

Daphne Lejuez, candidato number dos riba lista di partido Accion21, ta subraya cu actualmente Aruba no conoce un comision di experto independiente (manera na Hulanda) cu na prome lugar ta determina e rekisitonan pa e raportnan aki, ni tampoco cu ta controla e contenido di dicho rapport ta cumpli cu e rekisitonan cu e ser stipula. “Esaki ta causa cu hopi biaha e desaroyador di e proyecto ta laga traha e raport aki, pero realmente e lo no hafa resistencia, pasobra e no por wordo debidamente controla,” sra. Lejuez ta comenta.

Desaroyo den Balans cu Medio Ambiente

Den cuadro di desaroyo sostenibel y duradero, y considerando cu casi 90% di terenonan na Aruba a ser desaroya, sra. Lejuez ta enfatisa cu ta imperativo pa introduci un comision M.E.R. pa Aruba, of busca colaboracion cu esun existente na Hulanda pa di e forma aki crea un comision pa e islanan den Caribe.

Sra. Lejuez ta bisa cu pa e comision aki por funciona debidamente, e Ley di Medio ambiente (Milieuwet) mester wordo introduci y implementa pa asina sirbi como un punto di salida pa por garantisar un desaroyo responsabel cu ta den balans cu nos medio ambiente, flora fauna, y cu ta den bienestar general di nos ciudadanonan y futuro generacion.

BISTA POLITICO

Eric Ras lider di partido Curpa

Recta Final Pa E Cambio

Nos ta drentando den e ultimo dlanan pa asina nos bai urna electoral y asina nos deposita nos voto pa e partido cu nos ta kere cu lo sirbi nos pueblo di Aruba den e miho forma. E eleccion aki dor di e pandemia lo bai ta uno diferente.

Aruba ta den un crisis paso di tanto entrada cu nos pais tabata tin nunca a traha un dam pa warda awa. Pa hopi tempo nos a biba di un solo pilar economico cu ta turismo. Un cos nos mester compronde cu como politico bo ta jama pa administra e placa di pueblo y hasi bo mes donjo di dje. Ora tur pais a cerra nan porta Aruba a keda sin turista. Nos ta kere cu esaki mester bira un les pa nos tur y pa nos por cuminsa desaroya mas pilarnan economico.

Un cos hopi importante cu nos mester tene cuenta cu ne ta cu tur cos akin a Aruba ta wordo importa y nos ta depende di exterior. Nos ta kere cu e mester bira un prioridad pa nos cuminsa cultiva mas hopi posible pa nos tin nos propio cuminda. Pesey mes e carter di agricultura, cria y pesca den e siguiente eleccion mester haya un lugar importante den e programa di gobernacion y mester tene na debido cuenta cu ne. E

pandemia aki a hasi cu prijs di cuminda a subi y pa nos aki na Aruba productonan importa ta bira mas caro.

Nos di partido Curpa den nos programa di gobernacion (curpa.org) tin poni cu e remedy natural por bira un pilar economico. Mundialmente tin un mercado di 107 biyon di dollar y si nos cu nos producto nacional nos por logra haya sikiera 1% lo ta mas cu bon bini na aporta grandemente na nos economia.

Aruba ta rondona pa lama y nos mester bin cu un compania nacional di pesca unda cu lo crea oportunidad pa no solamente crea cupo di trabao pero tambe cu e pueblo di Aruba por haya pisca na un prijs mas barata y cu miras riba exportacion. Nos piscadornan local mester forma parti di e proyecto aki y asina nan por ta accionista y na mesun tempo trahador di e negoshi aki. Bida di un piscador no ta nada facil.

Partido Curpa ta kere cu mester bin cu un tax holiday pa atrae inversionistanan pa inverti aki na Aruba cu e solo meta di crea cuponan di trabao. Nos ta tin tambe den nos programa e Public Pueblo Partnership caminda e pueblo lo por inverti den

N.V.'s nan exitoso. Banda di dje lo crea un instituto pa proteha e inversion y pa tin un miho control y tambe pa evita corrupcion. Di e forma aki e homber chiquito tambe mester por recibi su dividend y hasie mas independiente for di gobierno. Un solo meta crea un miho calidad di bida pa nos hendenan.

Locual cu nos no por laga afo ta e ley di referendum. Leynan importante cu ta toca nos pueblo y inversion nan di hopi placa mester por tin participacion di nos pueblo. Esaki lo bira un mecanismo tambe pa ora cu gobierno no ta cumpli cu locual cu nan

primiti pa mande cas y no warda despues di 4 anja te ora di eleccion.

Partido Curpa ta kere cu e eleccion aki lo bai ta uno di sorpresa. Partidonan tradicional ya no tin confiansa mas di pueblo. Canando den pueblo nos por scucha e desgusto grandi cu tin caminda cu politiconan ta primiti ora di campanja y ora nan ta den gobierno nan ta lubida kiko nan a primiti. Mas pio ta cu ora nan sinta riba e stoel di ministro nan no ta reconoce mas e hendenan cu nan a primiti y sigura trabao. E pueblo di Aruba tin e politiconan aki door en door y nan no tin confiansa mas den nan.

Nos di partido Curpa ta un partido conservador unda cu nos ta kere cu a jega tempo pa duna principio, norma y balaor un lugar importante den nos bida. Na Curacao nos por mira cu partidonan cu ta na favor di leynan di hende y ta bai contra leynan di Dios a haya un derrota den eleccion cu a pasa. Nos di partido Curpa ta kere cu e eleccion aki lo bai ta uno diferente paso pueblo lo vota diferente y e resultado lo bai ta diferente. Partido Curpa lo marca e diferencia. E biaha aki no ta ni geel ni berde sino binja (scur) e ta, nos partido victorioso, boso partido Curpa.

Norwin Willem: E viahe pa Hulanda ta Falta di respet total p'e votado, pueblo y pagado di belasten

casnan particular ta impagabel pa un gran parti di nos pueblo. Loke si e pueblo ta sinti y experiencia ta careteranan ta den asina mal estado cu ta parce cu nos no ta den Reino Hulandes(e di 5 pais mas rico di mundo), pero mas bien nos ta biba riba un isla di tercer mundo asina nos por sigui menciona un cantidad di asuntonan mas cu bo ta puntra bo mes cu ta esaki ta e beneficiaran cu nos a spera ora a konvensé e pueblo pa bai e laso direkto ku e kon-tenido aki.

Pa tur e rasonnan menshoná, mi no por yega na otro konklushon ku e biahe di e siman aki lo no contesta e expectativanan cu politiconan kier crea. Ora nan bin bek man bashi, un biaha mas e pueblo lo sali decepciona y defrauda. Den tur e caos aki, mi ta carga un speransa, esta cu sikiera un of dos di esunnan cu ta den e delegacion, lo uza su tempo pa trece e dolornan, e necesidatnan di e pueblo dilanti cu ta cay bou di responsabilidad di Hulanda, nan lo ta en todo caso cumplimento di palabracionnan haci na entre otro e acuerdo di gobernacion di april 2010, cualnan ta entre otro

- Un maneho controla di imigracion
- Un cubrimiento di e retraso riba tereno di infra-estructura den mas amplio sentido di palabra
- Nombramento di un representante di Boneiro na Hulanda pa defende interesnan di Boneiro y elimina e pretension cu Hulanda sa mas cu tur hende kico Boneiro mester.
- Un provision social aceptabel den Hulanda sin uza cada biaha e pretexto di cu nos ta diferencia for di Europa. Clima, situacion economico, distancia y otro argumentonan fofo nunca por hustifica cu nos nivel di bida ta asina atrasa compara cu nos co ciudadanonan den Hulanda Europeo. Mantencion di esaki ta simplemente un violacion di derechonan humano hancra den diferente tratadonan cu Hulanda ta Co-firmante di nan.

Ami y pueblo lo keda ansioso y curioso pa mira resultado di e bishita aki di nos delegacion na Hulanda den e proximo siman. Lo e ta un muhe em- barasa cu a perde e yiu of e lo ta un yiu nace morto?

Di acuerdo cu Norwin Nochi Willem, como un pagado di belasting, mi a sinti e necesi- dad pa trece mi opinion publicamente dilanti relaciona cu e delegacion cu ta na Hulanda e proximo dlanan. E comunicado por ta masha cortico mes.

Falta di respet total pa e votado en particular y pa pueblo en general di Boneiro, pagado di belasting mescos cu ami. Lo bo puntra bo mes dicon? Wel un pueblo ta duna confiansa na 9 representante pa atende cu su necesidatnan basico di tur dia, cu ta un dak riba su cabes, trabou pa pone pan riba mesa pa su famia, un bon infraestructura pa brinda un bon servicio, mantencion continuo di e infra-estructura aki pa e por sirbi e comunidad, facilidad- nan pa e por recrea den su oranan liber y provi- sionnan adecua pa esunnan vulnerabel den nos comunidad, cualnan ta esunnan cu a perde nan tra- bou, esunnan cu ta sufri di deficiencia fisico/ psi- kico, nos grandinan y nos muchanan, y un partici- pacion regula di nos hobennan cu tin cu bay carga nos futuro y un educacion formacion pa crea ciu- dadanonan responsabel y bon ekipa pa por asumi puesto y funcionnan clave den nos comunidad. Pa por logra esakinan, despues cu a dismantela Antia Boneiru a scoge pa un laso directo, cual e forma cu a yena esaki categoricamente a keda rechasa via di un consulta popular(referendum) dia 18 di decem- ber 2015. Cu e rechazo aki implicitamente nos rep- resentantenan a haya un mandato cla pa atende e contenido di e laso directo, cu pueblo ta experiencia como deficiente, pero mas aun como un practica discriminatorio pa motibonan cu no ta hustifica cu un gran parti di nos comunidad segun rapportnan pa loke ta nivel di nos bida i nos infraestructura ta hopi atrasa compara cu loke ta aceptabel den Hu- landa Europeo.

Pueblo lo a spera cu e agenda di e bishita lo a encera cu Consejo Insular, esta e 9 miembronan cu pue- blo a scoge lo a forma un union di pensamiento y di accion pa presenta na su representantenan na Hu-

landa, esta Tweede Kamer pero tambe na e gobi- erno Central na Den Haag un documento den cual ta mostra cu respet y a base di igualdad e respon- sabilidad nan cu Hulanda ta carga den e desaroyo social- economico di nos isla pa atende cu e arianan cu mi a menciona. Sinembargo un biaha mas nos como pueblo tin cu experiencia cu e 9 miembronan no por a laga nan bandera di partido para un banda y uni tras di e bandera di Boneiro. Un biaha mas nos lo bay experiencia cu no tin ni agenda formula, ni tin informacion cua puntonan cu ta primi ta bay duna prioridad den e bishita aki. No a ni ta brinda e comunidad un perspectiva positivo cu cosnan lo bay cambia riba termino corto atrobe riba e arianan cu mi a menciona.

Loke ta haci e bishita aun mas debil en frente di Hulanda ta cu tin un cantidad di tarea cu nos a tuma na 10-10-10 cu nos na cas no a atende mes y otronan cu a keda no acaba, prueba di esaki ta cu un biaha mas a sobra miyones di dollar cu no a keda uza for di e presupuesto di 2020. Bo ta puntra bo mes cu ki cara ta bay pidi mas fondo, cu por cierto ta necesario pa yega na e calidad di bida comparabel y aceptabel den Hulanda, mientras cu e fondonan cu nos tin no ta uza nan adecuadamente.

Mas den Hulanda, ban brasa Hulanda, yena pot- moni, asfalt ta bay core, etc. Awor ta resulta di ta nada otro cu bacoba pa cu e macaco, pasobra den su bida diario e pueblo no ta sinti ni ta experiencia cu e ta mas den Hulanda, ni cu Hulanda a acep- ta nos brase, ni cu te awe su potmoni no a yena, ni tampoco cu asfalt ta core. Loke si e pueblo ta sinti tur dia ta cu tur barío a bay atras pa falta di infraestructura modernisa, edificionan di gobierno ta den un estado malisimo, cu no por brinda e ser- vicio cu pueblo merece, su facilidadnan deportivo ta pesimo, bida a bira caro y prijsnan di producto y servicio ta subi den un forma descontrola, pobreza ta asota mas cu 40% di nos poblacion, nos grandi- nan ta sclama pa un miho pensioen pa no mester sigui traha trabounan peligroso pa cubri nan gas- tonan, nos tin suficiente cas pa pueblo, mientras cu

Pro Soualiga ta informa prome minister Curasoleño riba obligacionnan financiero di Hulanda

(CuracaoChronicle) – Pro Soualiga, hunto cu su ruman Fundacion Korsou na Kaminda pa Libertat, a presenta cerca prome minister di Corsou, Gilmar Pisas un notificacion informando gobierno y parlamento di otro medionan pa resolve e predicamento financiero sin involucra IMF of COHO.

E notificacion ta sirbi como un notificacion formal na gobierno y parlamento cu e ex-Antias Hulandes a wordo omitti for di e lista na 1963 di Teritorionan no-Auto-Goberna pa motibo di un error di clasificacion. Adicionalmente, e notificacion

ta recorda gobierno y parlamento di Corsou cu no ta existi ningun resolucion di Nacionnan Uni cu ta elimina

e ex-Antias Hulandes for di e lista di Teritorionan no-Auto-Goberna.

Estado Hulandes a confirma esaki den Corte di Prome Instancia na St. Maarten riba dia 23 di april 2021, durante declaracionnan oral. E dos factornan aki, ora tuma nan hunto (esta ausencia di un Resolucion di ONU y e error di clasificacion) ta nifica cu Corsou ta riba isla di Teritorionan no-Auto-Goberna y ta cay bao Articulo 73 di Charter di Nacionnan Uni, y no tin un problema financiero mas, sino un problema di conocimiento.

Gobiernonan di Aruba, Corsou y St. Maarten te awo no tabata na altura di e tremendo beneficionan y privilegionan disponibel bao Articulo 73. E

notificacion ta sirbi pa sigura gu gobierno y parlamento di Corsou no ta desconoce e informacion vital aki mas.

Un teritorio riba e lista menciona no por ricibi sosten di likides como prestamo, sino cu e estado administrando ta bao obligacion di mandato di Nacionnan Uni pa sigura e bienestar economico y social di e habitantenan di e teritorionan. Esaki ta informacion vital cu te awo e lidernan di e islanan no tabatin, segun Pro Soualiga. Awo nan ta miho ekipa pa cumpli cu necesidad di e pueblo cu nan ta sirbi sin haya nan mes forsa pa acepta condicionnan inhumano, humiyante y iracional.

Omtzigt, di 47 aña di edad, a postula su mes pa liderazgo di e partido aña pasa, pero a keda derota pa Hugo de Jonge. De Jonge despues a retira pa motibo di presion di maneho di coronavirus, y Wopke Hoekstra, e minister di Finanzas, a ricibi e rol di lidera e partido den campaña di eleccion. Den e evento, CDA a perde cuatro asiento den eleccion, y awo tin 15 parlamentario. Omtzigt, kende tabata number 2 riba e lista di partido, a ricibi 340mil voto di preferencia – suficiente pa gana cinco asiento riba su mes. E

Defense rests its case in Colorado school shooting trial

(AP) — One of the suspects in a fatal attack at a suburban Denver high school in 2019 had become such a chronic drug user in the months before the shooting that he likely “couldn’t think, concentrate or understand” events around him that day, a toxicologist called by the defense testified Friday.

Toxicologist Wanda Guidry said Devon Erickson was severely malnourished because he ingested cocaine, marijuana and cough syrup nearly daily, and he suffered from long-term sleep deprivation and insomnia, The Denver Post reported.

Defense attorneys rested their case Friday without testimony from Erickson. Closing arguments are scheduled to begin Monday, followed by jury deliberations.

Erickson, 20, pleaded not guilty to first-degree murder and other charges in the May

7, 2019, shooting at STEM School Highlands Ranch that killed 18-year-old Kendrick Castillo and injured eight others. The other student charged in the shooting, 18-year-old Alec McKinney, pleaded guilty in February 2020 and is eligible for parole because he was a juvenile at the time of the attack.

Erickson was 18 at the time and could face life in prison without parole if he is convicted. Chief Deputy District Attorney George Brauchler argued that Erickson agreed to participate in the attack as long as it looked like he was pressured into it and or could emerge as a hero by killing McKinney.

Brauchler said the students’ concocted “victim-hero” strategy unraveled after Castillo rushed Erickson when he pulled out a gun inside a darkened classroom as students watched a movie. Erickson’s gun went off, Castillo was killed and others tackled him, he said. Their other possible scenario, in which McKinney killed himself, was stymied after an armed security guard apprehended him, Brauchler said.

Erickson’s lawyer, Julia Stancil, said her client was manipulated into joining the attack by McKinney, a new friend who preyed on him during a family crisis.

Judge tosses hospital workers’ vaccine requirement challenge

(AP) — A federal judge threw out a lawsuit filed by employees of a Houston hospital system over its requirement that all of its staff be vaccinated against COVID-19.

The Houston Methodist Hospital system suspended 178 employees without pay last week over their refusal to get vaccinated. Of them, 117 sued seeking to overturn the requirement and over their suspension and threatened termination.

In a scathing ruling Saturday, U.S. District Judge Lynn Hughes of Houston deemed lead plaintiff Jennifer Bridges’ contention that the vaccines are “experimental and dangerous” to be false and otherwise irrelevant. He also found that her likening the vaccination requirement to the Nazis’ forced medical experimentation on concentration camp captives during the Holocaust to be “reprehensible.”

Hughes also ruled that making vaccinations a condition of employment was not coercion, as Bridges contended.

“Bridges can freely choose to accept or refuse a COVID-19 vaccine; however, if she refuses, she will simply need to work somewhere else. If a worker refuses an assignment, changed office, earlier start time, or other directive, he may be properly fired. Every employment includes limits on the worker’s behavior in exchange for remuneration. That is all part of the bargain,” Hughes concluded.

Jared Woodfill, a Houston lawyer representing Bridges and the other clients, promised an appeal.

“All of my clients continue to be committed to fighting this unjust policy,” Woodfill said in a statement. “What is shocking is that many of my clients were on the front line treating COVID-positive patients at Texas Methodist Hospital during the height of the pandemic. As a result, many of them contracted COVID-19. As a thank you for their service and sacrifice, Methodist Hospital awards them a pink slip and sentences them to bankruptcy.” Employees had a June 7 deadline to complete their immunization.

In a Tuesday memo, the hospital system’s CEO, Marc Boom, said that 24,947 employees had complied with the vaccination requirement and that 27 of the 178 others had received the first of a two-dose vaccine and wouldn’t be fired if they got their second. The rest are subject to termination.

He also wrote that 285 other employees received medical or religious exemptions, and 332 were deferred because they were pregnant or for some other reason.

Travel rebound: 2 million people go through US airports

(AP) — The airline industry’s recovery from the pandemic passed a milestone as more than 2 million people streamed through U.S. airport security checkpoints on Friday for the first time since early March 2020.

The Transportation Security Administration announced Saturday that 2.03 million travelers were screened at airport checkpoints on Friday. It was the first time in 15 months that the number of security screenings has surpassed 2 million in a single day.

Airline bookings have been picking up since around February, as more Americans were vaccinated against COVID-19 and — at least within the United States — travel restrictions such as mandatory quarantines be-

gan to ease. The recovery is not complete. Friday’s crowds were only 74% of the volume compared to the same day in 2019. However, the 2.03 million figure was 1.5 million more travelers than the same day last year, according to the TSA.

The 2-million mark represents quite a turnaround for the travel industry, which was hammered by the pandemic. There were days in April 2020 when fewer than

100,000 people boarded planes in the U.S., and the CEO of Boeing predicted that at least one major U.S. airline would go bankrupt.

Most of the airlines are still losing money. Southwest eked out a narrow first-quarter profit thanks to its share of \$64 billion in federal pandemic relief to the industry, and others are expected to follow suit later this year.

Law enforcement struggles to recruit since killing of Floyd

(AP) - Law enforcement agencies across the country experienced a wave of retirements and departures and are struggling to recruit the next generation of police officers in the year since George Floyd was killed by a cop.

And amid the national reckoning on policing, communities are questioning who should become a police officer today.

Mass protests and calls for reforming or defunding the police, as well as the coronavirus pandemic, took their toll on officer morale. The rate of retirements at some departments rose 45% compared with the previous year, according to new research on nearly 200 law enforcement agencies conducted by the Washington-based Police Executive Research Forum and provided to The Associated Press. At the same time, hiring slowed by 5%, the group found.

The wave comes as local lawmakers have pledged to enact reforms — such as ending the policies that give officers immunity for their actions while on-duty — and say they're committed to reshaping policing in the 21st century. And recruiters are increasingly looking for a different kind of recruit to join embattled departments.

Years ago, a candidate's qualifications might be centered around his — yes, his — brawn. Now, police departments say they are seeking recruits who can use their brain. And they want those future officers to represent their communities.

"Days of old, you wanted someone who actually had the strength to be more physical," Atlanta Police Chief Rodney Bryant said. "Today's police officers, that's not what we're looking for. We're looking for someone who can actually relate to the community but also think like the community thinks."

But the climate today, coupled with increases in crime in some cities, is creating what Chuck Wexler, the head of the Police Executive Research Forum, called a "combustible mixture."

It's creating "a crisis on the

horizon for police chiefs when they look at the resources they need, especially during a period when we're seeing an increase in murders and shootings," Wexler said. "It's a wake-up call."

The data from Wexler's organization represents a fraction of the more than 18,000 law enforcement agencies nationwide and is not representative of all departments. But it's one of the few efforts to examine police hiring and retention and compare it with the time before Floyd's killing in Minneapolis on May 25, 2020. Former officer Derek Chauvin, who pressed his knee on Floyd's neck while Floyd was handcuffed behind his back, was convicted of murder and is awaiting sentencing.

Researchers heard from 194 police departments last month about their hires, resignations and retirements between April 1, 2020, and March 31, 2021, and the same categories from April 1, 2019, to March 31, 2020.

By comparison, the changing public attitude on policing is well documented. In the past year, as many as half of American adults believed police violence against the public is a "very" or "extremely" serious problem, according to one poll conducted by The Associated Press-NORC Center for Public Affairs Research.

"It's hard to recruit the very

people who see police as an opposition," said Lynda R. Williams, president of the National Organization of Black Law Enforcement Executives, who previously worked on recruitment efforts for the Secret Service.

Bryant knows firsthand. In the weeks after Floyd's death, a white officer, Garrett Rolfe, shot and killed Rayshard Brooks, a Black man, in the parking lot of a Wendy's.

In quick succession, Rolfe was fired, the chief resigned and the local district attorney announced charges, including felony murder, against Rolfe — a rare step in police shootings. Some cops left the force, which currently has about 1,560 officers — about 63% of the force is Black, 29% white and 5% Latino.

Then came the "Blue Flu" — when a high number of police officers called out sick in protest. Bryant, then the department's interim chief, acknowledged that it had occurred in Atlanta after Rolfe was charged.

"Some are angry. Some are fearful. Some are confused on what we do in this space. Some may feel a bit abandoned," Bryant said last summer in an interview at the height of the crisis.

But it hasn't shaken the resolve of some, like Kaley Garced, a hairdresser-turned-police officer in Baltimore who graduated from the

academy last August. Despite the protests and attitudes toward law enforcement, she stayed with her career choice with a plan to interact with residents.

"Earning their trust" leads to better policing, she said. Citizens who trust officers will not be afraid to "call upon you on their worst day" and ask for help.

Williams said she believes the next generation of law enforcement will bring a new outlook and move the profession forward by making departments more diverse and inclusive.

"They are the change that they want to see," Williams said.

Recruitment is still a challenge. In some cities like Philadelphia, departments are spending more time scouring a candidate's social media to hunt for possible biases. In others, pay disparities — a longtime problem — still exist, making it difficult to attract would-be officers and keep newly trained recruits when a neighboring jurisdiction offers more money and benefits.

In Dallas, city leaders spent much of the last decade struggling to draw candidates and stem the outflow of officers frustrated by low pay and the near collapse of their pension fund.

Despite those efforts, the

force now stands at about 3,100 officers — down from more than 3,300 in 2015 — a loss at a time when the city's population has grown to more than 1.3 million. The force is about 44% white, 26% Black and 26% Latino. This means officers handle more calls and detectives more cases, all amid increased racial tension.

In 2016, five officers were killed in Dallas by a sniper who was seeking revenge for police shootings elsewhere that killed or wounded Black men. Two years later, an off-duty officer fatally shot her neighbor in his home. She was fired and later was sentenced to a decade in prison for murder.

Mike Mata, president of the Dallas Police Association, said the national political climate and local pay and pension issues have been compounding challenges to hiring in Dallas.

In 2019, however, a consulting firm Dallas hired to review its department found that it needed not simply more officers but also a "realignment of strategy, goals, mission, and tactics." That finding rings true to Changa Higgins, a longtime community organizer.

"You don't need to focus on hiring more officers," Higgins said. "You need to focus on how you got these guys allocated."

In Los Angeles, the department is fighting against a decade-long image of scandal and racial strife from the Watts riots in 1965 to the bloodshed in 1992 after a Simi Valley jury's acquittal of officers who brutally beat motorist Rodney King.

Capt. Aaron McCraney, head of the Recruitment and Employment Division, and Chief Michel Moore ticked off the issues facing the 48 new recruits — more than half of whom were women — last year, noting that the pandemic, civil unrest and economic uncertainty were just some of the challenges the new officers would face.

"Even though these are tough times, these are difficult times, these are interesting times," McCraney said, "these times will pass, and we'll get on to things better."

Rash of mass shootings stirs US fears heading into summer

(AP) — Two people were killed and at least 30 others wounded in mass shootings overnight in three states, authorities said Saturday, stoking concerns that a spike in U.S. gun violence could continue into summer as coronavirus restrictions ease and more people are free to socialize.

The attacks took place late Friday or early Saturday in the Texas capital of Austin, Chicago and Savannah, Georgia.

In Austin, authorities said they arrested one of two male suspects and were searching for the other after a shooting early Saturday on a crowded pedestrian-only street packed with bars and restaurants. Fourteen people were wounded, including two critically, in the gunfire, which the city's interim police chief said is believed to have started as a dispute between two parties.

No arrests were reported by late Saturday in the two other shootings.

In Chicago, a woman was killed and nine other people were wounded when two men opened fire on a group standing on a sidewalk in the Chatham neighborhood on the city's South Side. The shooters also got away and hadn't been identified by

mid-afternoon Saturday.

In the south Georgia city of Savannah, police said one man was killed and seven other people were wounded in a mass shooting Friday evening, police said. Two of the wounded are children — an 18-month-old and a 13-year-old.

Savannah's police chief, Roy Minter, Jr., said the shooting may be linked to an ongoing dispute between two groups, citing reports of gunshots being fired at the same apartment complex earlier in the week.

"It's very disturbing what we're seeing across the country and the level of gun violence that we're seeing across the country," he told reporters Saturday. "It's disturbing and it's senseless."

The attacks come amid an

easing of COVID-19 pandemic restrictions in much of the country, including Chicago, which lifted many of its remaining safeguards on Friday. Many hoped that a spike in U.S. shootings and homicides last year was an aberration perhaps caused by pandemic-related stress amid a rise in gun ownership and debate over policing. But those rates are still higher than they were in pre-pandemic times, including in cities that refused to slash police spending following the death of George Floyd and those that made modest cuts.

"There was a hope this might simply be a statistical blip that would start to come down," said Chuck Wexler, executive director of the Police Executive Research Forum. "That hasn't happened. And that's what really makes chiefs worry that we may be entering a new period where we will see

a reversal of 20 years of declines in these crimes."

Tracking ups and downs in crime is always complicated, but violent crime commonly increases in the summer months. Weekend evenings and early-morning hours also are common windows for shootings.

Many types of crime did decline in 2020 and have stayed lower this year, suggesting the pandemic and the activism and unrest spurred by the reaction to Floyd's death didn't lead to an overall spike in crime.

According to a database compiled by The Associated Press, USA Today and Northeastern University, only three mass shootings occurred at public places — the lowest total for that category in a decade — out of 19 total mass shootings in 2020.

The database tracks all mass killings including shootings, defined as four or more people dead not including the perpetrator.

According to that definition, there have been 17 mass killings, 16 of those shootings, already this year, said James Alan Fox, a criminologist and professor at Northeastern University.

The Gun Violence Archive, which monitors media and police reports to track gun violence, defines mass shootings as those involving four or more people who were shot, regardless of whether they died. Overall, according to its database, more than 8,700 people have died of gun violence in the U.S. this year.

The GVA also found that mass shootings spiked in 2020 to about 600, which was higher than in any of the previous six years it tracked the statistic. According to this year's count, there have been at least 267 mass shootings in the U.S. so far, including the latest three overnight Friday into Saturday.

"It's worrisome," Fox said. "We have a blend of people beginning to get out and about in public. We have lots of divisiveness. And we have more guns and warm weather. It's a potentially deadly mix."

Police arrest 1 of 2 in Austin mass shooting that wounded 14

(AP) — Police have arrested one suspect and are searching for another after a mass shooting on a crowded downtown Austin street left 14 people wounded early Saturday,

two of them critically.

The Austin Police Department said in a news release that the U.S. Marshals Lone Star Fugitive Task Force assisted in making the arrest,

but it provided no other details other than to say it is continuing to follow up on leads for the suspect still at large.

Interim Police Chief Joseph Chacon said the shooting happened around 1:30 a.m. on a street packed with bars and barricaded off from vehicle traffic. He said investigators believe it began as a dispute between two parties. Chacon said both suspects are male, but declined to disclose details such as whether both fired shots, saying the investigation was ongoing.

"Most of the victims were innocent bystanders, but we're still sorting out all of the victims to see what their involvement is in this case," Chacon said.

The mass shooting — one of at least three in the U.S. overnight — sparked panic along 6th Street, a popular nightlife destination in the city that's home to the University of Texas.

One witness, Matt Perlstein, told KXAN-TV that he was waiting with a friend to enter a bar when gunfire erupted.

"Everything was totally fine," Perlstein said, then gunfire erupted. "We just heard like ... a bunch of gunshots going off. Everyone got on the ground. We couldn't even comprehend what was going on at the time."

Chacon said his officers responded quickly to the area.

"They were able to immediately begin life-saving mea-

sures for many of these patients, including applications of tourniquets; applications of chest seals," he said.

Because of the chaos on the barricaded street, police drove six of the wounded to hospitals in their squad cars. Ambulances transported four people and the other four made their own way to hospitals, he said.

Gov. Greg Abbott issued a statement thanking police and other first responders and offering prayers to the victims.

Abbott said the state Department of Public Safety is assisting in the investigation and Chacon said the FBI and the Bureau of Alcohol, Tobacco and Firearms were also assisting.

G-7 leaders agree on vaccines, China and taxing corporations

(AP) — Leaders of the Group of Seven wealthy nations staked their claim Sunday to leading the world out of the coronavirus pandemic and crisis, pledging more than 1 billion coronavirus vaccine doses to poorer nations, vowing to help developing countries grow while fighting climate change and backing a minimum tax on multinational firms.

At the group's first face-to-face meeting in two years, the leaders dangled promises of support for global health, green energy, infrastructure and education — all to demonstrate that international cooperation is back after the upheavals caused by the pandemic and the unpredictability of former U.S. President Donald Trump.

During their three-day summit in southwest England, the G-7 leaders wanted to convey that the club of wealthy democracies — Canada, France, Germany, Italy, Japan, the United Kingdom and the United States — is a better friend to poorer nations than authoritarian rivals such as China.

"This isn't about imposing our values on the rest of the world," British Prime Minister Boris Johnson told reporters at the end of the seaside summit on the rugged Cornwall coast. "What we as the G-7 need to do is demonstrate the benefits of democracy and freedom and human rights to the rest of the world."

U.S. President Joe Biden, who was making his first foreign trip as leader, said it was an "extraordinary, collaborative and productive meeting" that showed "America's back in the business of leading the world alongside nations who share our most deeply held values."

But health and environmental campaigners were distinctly unimpressed by the details in the leaders' final communicate.

"This G-7 summit will live on in infamy," said Max Lawson, the head of inequality policy at the international aid group Oxfam. "Faced with the biggest health emergency

in a century and a climate catastrophe that is destroying our planet, they have completely failed to meet the challenges of our times."

Despite Johnson's call to "vaccinate the world" by the end of 2022, the promise of 1 billion doses for vaccine-hungry countries — coming both directly and through donations to the international COVAX program — falls far short of the 11 billion doses the World Health Organization said is needed to vaccinate at least 70% of the world's population and truly end the pandemic.

Half of the billion-dose pledge is coming from the United States and 100 million from Britain. Canada said it also would give 100 million doses, and France pledged 60 million. Altogether, the leaders said they pledged 870 million doses "directly over the next year," with further contributions taking the total to the "equivalent of over 1 billion doses."

Former British Prime Minister Gordon Brown said the lack of a more ambitious vaccination plan was "an unforgivable moral failure."

But Biden said the leaders were clear that the commitments they made to donate doses wouldn't be the end. The U.S. president said getting shots into arms around the world was a "gigantic, logistical effort" and the goal might not be accomplished until 2023.

The G-7 also backed a minimum tax of at least 15% on large multinational com-

panies to stop corporations from using tax havens to avoid taxes, a move championed by the United States.

Biden also wanted to persuade fellow democratic leaders to present a more unified front to compete economically with Beijing and strongly call out China's "nonmarket policies and human rights abuses."

The language on China in the G-7 leaders' communique from the meeting was more muted than the United States has used, but Biden said he was satisfied. On China's economic behavior, the group said it would "consult on collective approaches to challenging non-market policies and practices which undermine the fair and transparent operation of the global economy."

The leaders also said they would promote their values by calling on China to respect human rights and fundamental freedoms in Xinjiang, where Beijing is accused of committing serious human rights abuses against the Uyghur minority, and in the semi-autonomous city of Hong Kong.

Not every European power has viewed China in as harsh a light as Biden, who has painted the rivalry with the techno-security state as the defining competition of the 21st century.

"The G-7 is not a club hostile to China," French President Emmanuel Macron said. "It's an ensemble of democracies that (would) work with China on all world topics that China is ready to work

on with us."

Johnson, the summit's host, wanted the three-day meeting to fly the flag for a "Global Britain," his government's push to give the mid-sized country, newly detached from the European Union, outsized global influence.

Yet Brexit cast a shadow over that goal during the summit on the coast of southwest England. European Union leaders and Biden voiced concerns about problems with new U.K.-EU trade rules that have heightened tensions in Northern Ireland.

But overall, the mood was positive: The leaders smiled for the cameras on the beach at cliff-fringed Carbis Bay, a village and resort that became a traffic-clogged fortress for the meeting.

The prime ministers and presidents also mingled with Queen Elizabeth II at a royal reception, ate steak and lobster at a beach barbecue and watched an aeronautic display by the Royal Air Force Red Arrows during their stay by the sea.

America's allies were visibly relieved to have the U.S. back as an engaged international player after the "America First" policy of the Trump administration.

Johnson called Biden "a breath of fresh air." Italian Premier Mario Draghi said the president "wanted to rebuild what were the traditional alliances of the United States after the period of Trump, during which these alliances were seriously cracked."

Biden flew from the summit in Carbis Bay to have tea with the queen at Windsor Castle. He is scheduled to attend a NATO summit in Brussels on Monday and to hold talks with Russian leader Vladimir Putin in Geneva on Wednesday.

The G-7 also made ambitious declarations during their meetings about girls' education, preventing future pandemics and financing greener infrastructure globally.

On climate change, the "Build Back Better for the World" plan promises to offer financing for infrastructure — "from railways in Africa to wind farms in Asia" — to help speed up the global shift to renewable energy. The plan is a response to China's "belt and road" initiative, which has increased Beijing's worldwide influence.

All G-7 countries have pledged to reach net-zero carbon emissions by 2050, but many environmentalists say that will be too little, too late.

Naturalist David Attenborough addressed the leaders by video Sunday, warning that humanity is "on the verge of destabilizing the entire planet."

"If that is so, then the decisions we make this decade — in particular the decisions made by the most economically advanced nations — are the most important in human history," the veteran documentary filmmaker said.

As the leaders met behind fences and barbed wire, thousands of environmental protesters gathered throughout the weekend outside the ring of steel to accuse the G-7 of missing a chance to prevent climate catastrophe.

Members of the Extinction Rebellion climate activism group blocked the main road of the town of St. Ives on Sunday, banging drums and sitting on the road. Elsewhere, hundreds of surfers and kayakers paddled out to sea to urge better protection for the world's oceans.

"G-7 is all greenwashing," protesters sang during one march. "We're drowning in promises, now's the time to act."

Nicaragua arrests 3 more opposition leaders in crackdown

(AP) — The government of Nicaraguan President Daniel Ortega arrested three opposition leaders Sunday, in what appears to be widespread detentions of anyone who might challenge his rule.

The moves over the weekend suggest Ortega has moved beyond arresting potential opposition candidates in the Nov. 7 elections, and has begun arresting any prominent member of the opposition.

"It's not just potential candidates any more, it's political leaders," said former general and Sandinista dissident Hugo Torres. "This is not a transition to dictatorship, it is a dictatorship in every way."

On Saturday, police arrested Tamara Dávila, who was active in Unamos, a movement formed by former Sandinistas angered by Ortega's autocratic ways, nepotism and perpetual re-elections.

Police said they arrested Dávila on charges related to a recently enacted law that classifies as treason any support for sanctions against officials in the Ortega regime; the U.S. has slapped sanctions on dozens of officials.

ADVERTISEMENT

Dávila is also a central figure in the opposition coalition Blue and White Nationality Unity, which was formed following Ortega's repression of

mass protests in 2018.

On Sunday, police arrested another prominent ex-Sandinista dissident, Dora María Téllez, and another opposition leader, Ana Margarita Vijil.

Tellez's arrest is a major step: she was a leading Sandinista militant who led an assault on the National Palace in 1978, taking Somoza's congress hostage. Like many former guerrillas, she later split with Ortega.

Under a law passed in December, Ortega's government has the power to unilaterally declare citizens "terrorists" or

coup-mongers, classify them as "traitors to the homeland" and ban them from running as candidates.

The punishes those "who lead or finance a coup ... encourage foreign interference, ask for military intervention ... propose or plan economic blockades, applaud and champion the imposition of sanctions against Nicaragua or its citizens."

Those accused "will be traitors to the homeland, and for that reason may not run for public office." Treason is punishable by prison terms of up to 15 years.

Ortega has already arrested four potential opposition candidates who might have challenged his bid for a fourth consecutive term, and now many Nicaragua opposition leaders fear it is only a matter of time until police come for them, too.

Torres said he has seen drones flying around his home in recent days, of the type used at Tellez's house.

"This interview may be the last one I give," Torres said. "I am here, waiting for them to come for me."

Nicaragua's National Police have arrested four opposition pre-candidates this month.

On June 8, they arrested pre-candidate Félix Maradiaga, a pre-candidate for the opposition coalition Blue and White National Unity, and Sebastián Chamorro, a former director of the opposition coalition Civic Alliance.

The previous week authorities detained Cristiana Chamorro, a cousin of Juan Sebastián Chamorro, and Arturo Cruz Sequeira, a former ambassador to the United States who was arrested Saturday under a controversial "treason" law passed in December.

Ortega initially led Nicaragua from 1979 to 1990 following the Sandinista revolution that ousted the dictator Anastasio Somoza. He returned to the presidency in 2007 after three failed election attempts, and he won reelection in 2011. He then sidestepped term limits to get himself reelected in 2016, and packed courts and government agencies with allies. The Sandinista party controls the courts and the legislature, and has stifled universities and the Roman Catholic church.

Torres said Ortega has now instituted a more suffocating dictatorship than Somoza, who faced opposition from the within the church, intellectual circles and universities.

Saudi Arabia says hajj to be limited to 60,000 in kingdom

(AP) — Saudi Arabia announced Saturday this year's hajj pilgrimage will be limited to no more than 60,000 people, all of them from within the kingdom, due to the ongoing coronavirus pandemic.

The announcement by the kingdom comes after it ran an incredibly pared-down pilgrimage last year over the virus, but still allowed a small number of the faithful to take part in the annual ceremony.

A statement on the state-run Saudi

Press Agency quoted the kingdom's Hajj and Umrah Ministry making the announcement. It said this year's hajj, which will begin in mid-July, will be limited to those ages 18 to 65.

Those taking part must be vaccinated as well, the ministry said.

"The kingdom of Saudi Arabia, which is honored to host pilgrims every year, confirms that this arrangement comes out of its constant concern for the health, safety and security of pilgrims as well as the safety of their countries," the statement said.

In last year's hajj, as few as 1,000 people already residing in Saudi Arabia were selected to take part in the hajj. Two-thirds were foreign residents from among the 160 different nationalities that would have normally been represented at the hajj. One-third were Saudi security personnel and

medical staff.

Each year, up to 2 million Muslims perform the hajj, a physically demanding and often costly pilgrimage that draws the faithful from around the world. The hajj, required of all able-bodied Muslims to perform once in their lifetime, is seen as a chance to wipe clean past sins and bring about greater humility and unity among Muslims.

The kingdom's Al Saud ruling family stakes its legitimacy in this oil-rich nation on overseeing and protecting the hajj sites. Ensuring the hajj happens has been a priority for them.

Disease outbreaks have always been a concern surrounding the hajj. Pilgrims fought off a malaria outbreak in 632, cholera in 1821 killed an estimated 20,000, and another cholera outbreak in 1865 killed 15,000 before

spreading worldwide.

More recently, Saudi Arabia faced danger from a different coronavirus, one that causes the Middle East respiratory syndrome, or MERS. The kingdom increased its public health measures during the hajj in 2012 and 2013, urging the sick and the elderly not to take part.

In recent years, Saudi officials also instituted bans on pilgrims coming from countries affected by the Ebola virus.

Saudi Arabia had closed its borders for months to try and stop the spread of the coronavirus. Since the start of the pandemic, the kingdom has reported over 462,000 cases of the virus with 7,500 deaths. It has administered some 15.4 million doses of coronavirus vaccines, according to the World Health Organization. The kingdom is home to over 30 million people.

Feud between Mbappé and Giroud escalates at Euro 2020

(AP) — A brewing feud between France strikers Kylian Mbappé and Olivier Giroud has gone public, potentially threatening team unity ahead of the opening match against Germany at the European Championship.

It all started on Tuesday after France's 3-0 victory over Bulgaria in a friendly when Giroud suggested he wasn't getting the service he deserved — deemed by some a swipe at Mbappé.

Giroud scored two goals after coming on as a substitute for Karim Benzema, and several of his teammates ran towards him to celebrate his first one. But not Mbappé, who appeared to walk in the opposite direction.

"I was quiet because sometimes you make a run and the balls just don't arrive," Giroud said on L'Equipe TV. "I don't always pretend to make the right calls, but I have tried hard to give solutions in the area."

Mbappe said Sunday he had been "a little affected" by the growing unrest caused by Giroud's comments.

"What he said does not bother me more than that," Mbappe said at a news conference, according to L'Equipe. "He

expresses a feeling when he speaks. I'm a forward and I've had that feeling 365 times in a game, when you feel like you're not being served.

"It's more about releasing it publicly. I saw him in the dressing room, I congratulat-

ed him on his goals, he didn't say anything to me. I heard about it in the press. That's more (important) than what he said, he didn't say anything bad."

Mbappe, one of the world's best strikers, said he didn't

want to make "a big deal about it."

"We are here to represent France, that is the most important thing," he said.

Giroud's regular place in France's attack has been threatened by the recall of Benzema after nearly six years away from the national team amid a bitter fallout with coach Didier Deschamps over Benzema's alleged role in a sex-tape scandal.

However, Benzema limped off against Bulgaria with a minor knee injury and is a doubt for the Euro 2020 game against Germany in Munich on Tuesday, raising the possibility of Giroud coming back into the team.

Giroud and Benzema had a frosty relationship prior to Benzema's fallout with Deschamps. That cost Benzema his place and Giroud took it to become France's second-highest scorer with 46 goals, five behind Thierry Henry's national record.

French Open runner-up Tsitsipas says he learned a lesson

(AP) — When Stefanos Tsitsipas' first Grand Slam final had ended, he sank into his changeover chair and buried his head in a towel.

Novak Djokovic has that effect on opponents.

Tsitsipas built a big lead and appeared on his way to an upset victory at the French Open, but Djokovic mounted an improbable comeback to win his 19th major title Sunday, 6-7 (6), 2-6, 6-3, 6-2, 6-4.

"What I learned today is that no matter what, in order for the match to be finished, you have to win three sets and not two," Tsitsipas said. "Two sets doesn't really mean anything."

Not against Djokovic, who overcame a two-set deficit for the second time in the tournament and the sixth time in his career. He took a bathroom break following the second set and dominated thereafter, never facing a

break point in the final three sets.

"I don't know what happened there, but he came back like a different player suddenly," Tsitsipas said. "He played really well. He gave me no space."

The turnaround was surprising because at 22, Tsitsipas is 12 years younger than Djokovic, and the Greek appeared to be the fresher player in the first two sets. Djokovic said he was braced for Tsitsipas to get off to a good start.

"You're playing for your first Grand Slam trophy, but you don't have much to lose," Djokovic said. "So I knew that he's going to probably start off very well, which was the case."

But while Djokovic found his form and moved bet-

ter as the match progressed, Tsitsipas' game slipped. His groundstrokes became less penetrating, and by the end he wore a weary expression.

"I felt like my rhythm was off; I really don't know why," Tsitsipas said. "It was very strange considering that I started off finding my rhythm, finding my shots, and my movement on the court was perfect. And suddenly I just felt cold and out of it. I felt like I kind of lost my game a little bit. I really wish I could understand why."

Tsitsipas was treated after the third set for a hip issue but dismissed it as a factor.

He was the youngest men's finalist at Roland Garros since Rafael Nadal won the title in 2008, and was trying to become the first Greek to win a Grand Slam title.

"Despite my loss today, I have faith in my game," Tsitsipas said. "I very much believe I can get to that point very soon. I was close today."
